PORTFOLIO

HISTORY

It all started with 1 speaker, 4 lights, 1 mic and a mixer. Around 2022, owner Cleve Agbunag started to purchase additional equipment with his colleague Kevin Rae Fermo to start a small business. At 2023, Red Entertainment began to receive more rentals which started the expansion of the business adding more equipment and hiring more employees.

At the present time, we served almost 200+ events. Red Entertainment is the fastest growing events rental company and considered as one of the biggest technical supplier in Baguio, Benguet and La Union.

CLEVE AGBUNAG

PROPRIETOR

Sound technician by heart. Working in the Entertainment Industry for the last 12 years. Have seen the flaws in the industry in many ways. Believes that there are different ways on how people deal with things around and as part of the new generation he would like to contribute these changes, eliminating wrong traditional ways by creating better ideas and innovation.
